22. ACKNOWLEDGMENTS

We would like to acknowledge the help and support given to us by Dr. Fran Baker from Statistical Services at the University of Newcastle (UON) and also by Dr. Peter Higgs and Dr Marion McCutcheon in processing and analysing ABS data using the Trident methodology developed at Queensland University of Technology. We also wish to express our deep gratitude to Dr. Michael Meany from the School of Creative Industries (SOCl) at UON for his support of this project. It was conducted within the Communication and Media Research (CAMR) group as part of the FASTLab Research Centre housed in SOCl at UON.

We also acknowledge that this research has been made possible by an Australian Research Council (ARC) Linkage Project grant, *Creativity and Cultural Production in the Hunter: An Applied Ethnographic Study of New Entrepreneurial Systems in the Creative Industries*, undertaken in collaboration with our Linkage Partners and co-researchers from TehnicaCPT and Newcastle Business Improvement Association (NBIA trading as Newcastle Now).

A number of published papers have been drawn on for certain portions of this report. These are:
